TERRA CAT
Warranties

1. INTRODUCTION

Thank you for purchasing your new Terra Cat. This is the most innovative product to enter the ATV market since its' inception. Terra Cat is faster, stronger and more versatile than any other ATV. It will carry you smoothly through the most rugged terrain, with the ability to handle more weight than any other ATV. Terra Cat has been carefully engineered to outperform any other ATV or Utility Vehicle in every possible category, all while remaining unbelievably simple to operate and maintain.

Please take a few minutes to read this Warranty, Operations and Service Guide. Our Warranties meet or exceed all other ATV manufacturers. It contains all the information you will need to have your Terra Cat repaired in the unlikely event that a failure should occur. Please refer to your Certificate of Origin for model, serial number and date of purchase information.

NOTE: Warranty coverage may be different for attachments.

TERRA CAT

2. WARRANTY START DATE

The warranty coverage begins on the day that you take delivery of your new Terra Cat. This is the registration date, and is on file with Terra Cat LTD.

3. LIMITED WARRANTY

Warranty is a written guarantee by the manufacturer of a product, promising to repair or replace parts which have a defect in materials or workmanship. "Limited" means that a warranty is for a specified period of time, and has certain other restrictions.

4. TERRA CAT LIMITED WARRANTY

Terra Cat LTD. will, through its service or parts partners, repair or replace any parts which are found to be defective in materials or workmanship. The defect must occur during normal use of the product within the warranty period. The repair or replacement will be at no charge, for parts and labor.

5. LIMITATIONS

Your Terra Cat Limited warranty gives you specific legal rights. Your rights may vary from State to State. Terra Cat LTD. does not authorize any person to create for TCL any obligation or liability other than that stated in the Limited Warranty. Under no circumstances shall TCL be liable to the customer or any other person for any consequential, incidental, economic, direct, indirect, general or special damages arising out of any breach of warranty, express or implied.

TERRA CAT

6. CUSTOMER RESPONSIBILITY

It is the customer's responsibility to maintain the equipment in accordance with the instructions provided in this guide or during your pre-purchase briefing. TCL recommends that you keep records and receipts, in order to prove that instructions have been followed. It is also your responsibility to operate the Terra Cat in a safe manner, and for the use for which it was designed. If a defect in materials or workmanship occurs, it is your responsibility to cease operating the Terra Cat until repairs are made. Damage which occurs from continued operation may not be covered by this warranty.

7. WHAT THIS WARRANTY COVERS

All internal and major engine parts (fan assembly, oil cooler, carburetor)

- Brake and wheel assemblies Transmission
- Rack and pinion steering
- Any major structural/frame flaws

8. WHAT THIS WARRANTY DOES NOT COVER

(failures caused by:)

- Abusive operation Natural calamities Unauthorized modifications Unauthorized repairs
- Non approved Terra Cat parts Neglected maintenance Unapproved attachments
- Usage contrary to the intended purpose

9. HOW TO OBTAIN WARRANTY SERVICE

To obtain warranty service under the terms and conditions of the TCL Limited Warranty, you must contact Terra Cat LTD. immediately by calling 1-800-99terra, or by emailing us at info@terracat.net. We will then coordinate your repairs with any authorized Volkswagen service center of your choice.

10. WARRANTY TERMS

The term is hereby 12 months for all items mentioned in the above paragraph.

11. SERVICE PARTS WARRANTY

Service parts are warranted for 90 days from date of purchase. However, if the part is installed on a unit which has more than 90 days remaining on the original Warranty, the part is warranted for that remaining time.

TERRA CAT
Operation of your Terra Cat

GENERAL TERMS AND DESCRIPTIONS
Terra Cat is extremely simple to operate. It is powered by the Volkswagen 11835cc air cooled engine. Any mechanic with basic knowledge can repair this power plant. All moving parts are easily accessible and simple to repair. All filters, belts, tires, lights, brake, clutch and accelerator parts are basic and easily found.

Transmission: 4 speed, reverse can be found at the far left, and shift back toward the driver, while pushing down on the shifter.

Instrument Panel: features a power point, fuel gauge, amp meter, tach, headlight switch, ignition switch and fuse box.

LIMITATIONS
Although Terra Cat is designed to take you to extremes, it is expressly imperative that you operate this machine on inclines or declines of no greater than 30 degrees. Although this machine can exceed 55 mph, it is mandatory not to exceed 35 mph as a measure of safety. All passengers must wear their seatbelts at all times.

TERRA CAT

HOLD HARMLESS AGREEMENT

It must be understood that under extreme situations, Terra Cat is inherently dangerous. Without proper operational guidelines and supervision, Terra Cat can cause severe bodily harm. It will be mandatory to mutually agree upon the execution of an instrument of Hold Harmless Agreement, prior to the delivery of a Terra Cat to a prospective buyer.

CONTENTS
(CARE AND SERVICE)

Care and Service of your Terra Cat

Introduction:

All preventative maintenance for the Terra Cat is simple and easy. The Volkswagen 1835cc air cooled power plant is the ideal choice for adverse conditions harsh use. The air filter is the heart of this machine. Clean air and clean oil are the life blood of this engine, just as water and anti-freeze is to a liquid cooled engine. Recommended tire air pressure is 20lbs. for a softer smoother ride.

Recurring Inspection:

- Constant monitoring of the following parts is vital to the care of your Terra Cat.
- Grease sert on the steering box. Condition and lubrication of clutch, brake, and accelerator cables.
- Inspect and clean carburetor port plug.
- Inspect and clean spark plugs. Inspect and clean air filter.
- Inspect oil condition and level . Inspect brake fluid levels.
- Change fuel and oil filters annually, or as needed.
- Single barrel carburetor - **NOT FUEL INJECTED** - Recommend vehicle be started once a month to prevent carburetor malfunction.
- Recommend use of fuel additive “Stabil” fuel stabilizer.
